

Auto Cables

We also manufacturing and exporting a wide range of Single Core PVC Insulated Auto Cables.

Vipul Copper has expanded its range of copper wiring and cables to the extent and introduction to auto cables. These are wires made for sole utility in the auto mobile industry. With multiple range and variety to select from our auto cables are globally recognized for ground breaking quality. Certified by Indian standard institute and global quality standard system assures our customers the best of the quality.

With range of conduction across surface area as required we offer multiple variety of Auto cables to the market and ensure our customers all our auto cables are resistant to water, oil and abrasion.

Technical Data Table

Cross Section Area (Nom.)	Insulation Thickness (Nom)	Overall Diameter (approx.)	Conductor Resistance at 20° C (max.)	Current Carrying Capacity
Sq.mm	mm	mm	Ohm/Km	Amps
16	1	7.8	1.21	57
25	1.2	9.7	0.78	71
35	1.2	11	0.554	91
50	1.4	13.2	0.386	120
70	1.4	15.3	0.272	165
95	1.6	17.9	0.206	200
120	1.6	19.4	0.161	225
150	1.8	21.9	0.129	250
185	2	24.5	0.106	300
240	2.2	28	0.801	425
